

TruClose Regular Self-Closing Hinges for Timber/Vinyl Gates

Turn to TruClose and you will be sure that you have specified the best for your customer.

TruClose self-closing gate hinges have been the most popular choice with many designers and installers of gates and fencing systems for nearly 20 years because they are reliable. Strong, adjustable, and easy to install, they provide a stylish self-closing solution for many different types of gates.

With TruClose Regular hinges for timber and vinyl gates, confident selection of the best self-closing hinge is simple. Each hinge provides a self-closing action, along with adjustability for gate weight and closing speed making them ideal for a wide range of gate applications such as bin storage units, around the pool, decking and verandas, around the garden, perimeter fencing and many other everyday applications.

Overview

- Self-lubricating
- Gates will not sag
- Adjustable for gate weight/speed control
- Optional alignment legs for extra strength
- Models for timber and vinyl gates
- Stainless steel springs mean no stains from rust

Hinge Selection and ordering
